

Our School has entered the Bee Good Plot Competition!

We are pledging to support our Bees

Habitat loss combined with climate change is having a huge impact on the UK's bee populations. Bees are essential for food production they play a vital role in ensuring a healthy ecosystem. Without bees it would lead to devastating effects not only for us here in the UK but for the world.

BEE GOOD FACT - Wildflower meadows are prime pollinator habitats, but we have lost 97% of them since the 1930's!

As busy bee helpers we will be creating a bee haven for our little buzzy friends to feed, live and prosper.

The Bee Good competition is open to all primary schools in Essex

PRIZES

First Prize: Classroom literature about bees, Bee Good Hotel, Gardening equipment and seeds

Runners up: Classroom literature about bees and seeds

Closing date: 10th July 2023 - Bee Good competition requires planting.

Warning: This competition may result in fun, laughter and outdoor enjoyment for all that take part!
